CAREER OBJECTIVE

Having reached my objectives in term of studies, I would like to invest myself in a company on a long term perspective, for testing and proving my value by bringing my knowledge and experience.

My fields of expertise are directly related to the position of Business analyst, Project manager or for some atypical positions where my versatile profile can be an asset; moreover, I feel ready to embrace an international opportunities.

To get to know me better, I suggest you to visit my website: <http://www.damienchoizit.com>
